

Join Outside In's Journey: Become a Super Patron

Amy Barlow, Psychiatric Cindy

“If my life hadn't changed at the point it did, I would have been found dead. Outside In has not only helped me in my art but also in meeting other people with mental health and disabilities – it makes you realise you are not alone.”

We need your support

Winner of the Charity Awards in 2013 and currently supporting over 2600 artists, Outside In is a charity with an important mission. Our role is to make for a more inclusive art world, providing artists who experience barriers due to health, disability, social circumstance or isolation with the opportunities, support and confidence they need to enter the art world.

Your support is vital to helping us achieve this goal. By becoming a Patron or Friend, you will provide essential resources to allow Outside In to continue its pioneering charitable work. You will also be able to enjoy a closer relationship with the charity and be rewarded with a number of exclusive benefits as a token of our appreciation.

The activity that your donations will help fund include:

- Regular exhibitions and our online gallery and shop, which provide our artists with opportunities to exhibit and sell work
- Tailored support for artists to help address and remove barriers in sharing their work with the wider art world
- Training programmes enabling artists to develop skills, knowledge and confidence in a gallery setting, opening up many opportunities such as volunteering, paid work and further education

“I support Outside In because I care about fighting the injustices of marginalisation and discrimination in the art world and society at large. Outside In artists create work of an outstanding quality, and I find it incredibly rewarding to be helping provide them with the platform they deserve.”
